A student is able to earn eight credits per year in high school. Your English, Math, and Science courses will be pre-selected based off of teacher recommendations, grades, Case 21, State Test Scores, and courses taken in 8th Grade. Each student will also be registered for the required Freshman Social Studies courses, Health (1/2), a PE (if they are not in a Sport), a Computer course (if you did not take Cyber), and an Art credit, if the schedule allows. Each of these are "Required Electives" to Graduate, so all students will register for them as early as possible in high school.
